17. SONG: _____ ARTIST: _____
18. SONG: _____ ARTIST: _____
19. SONG: _____ ARTIST: _____
20. SONG: _____ ARTIST: _____

- A helpful hint

Be flexible with your music! Allow the DJ to read the crowd! Trying to program the entire evening's music by choosing too many songs never really works... you need to allow for guests' requests and what the DJ sees going on at the event! The events that work out best are the ones where the customer picks out 1/3 of the songs, and the rest are guests' requests and what the DJ decides is working.
